

**Tide Gate Steering Committee Meeting
Meeting Summary
Thursday, June 28, 2018**

Jillian McCarthy updated the Steering Committee on the Inventory process and reported the INR will be available August 15th and presented at the next Tide Gate Partnership meeting. The Steering Committee then made changes to the Tide Gate Discussion Map and updates to the website. Mark Labhart reported his findings from interviews with engineers outside of Oregon who had been or were involved in tide gate projects. Irma Lagomarsino updated the Steering Committee on events since the finalization of the NOAA Programmatic and the Army Corps permits with ESA assurance that have resulted. The Steering Committee then formed a Funding Subcommittee.
